

Multi-Slide  
Door

**Mi**<sup>TM</sup>

# Bring the world inside

Advanced technology and breathtaking style combine to create a dynamic, innovative, and space-defining door system. MI's thermally efficient multi-slide patio door is ideal for enhancing the appeal and functionality of new or existing homes. This one-of-a-kind multi-slide door allows homeowners to elegantly and effortlessly combine indoor and outdoor living spaces.

*Effortlessly combine indoor  
and outdoor living spaces*

## Enhanced performance

The classically styled door panels feature tall bottom rails and wide styles with mortise and tenon joinery, offering traditional appeal and time-tested craftsmanship.

Made from MikronWood, every MI multi-slide door panel features a solid-core that combines the beauty of wood with the durability, weather-resistant, and no-maintenance advantages of composite. These doors are rot-proof and impervious to insects, moisture, and humidity, making them ideal for use in all climates.

# Smooth, quiet, and effortless operation

The advanced roller system with dual-machined composite wheels and precision bearings perform in tandem with the innovative track and collector plates to provide smooth, quiet, and effortless operation.

Track

Collector plates

## Features

- Exterior color-matched aluminum trim creates a clean, finished appearance
- Available in 2-, 3-, and 4-track frame systems to suit any sized project
- Three-point locking system and stainless-steel keeper provide unmatched security and peace of mind
- Recessed exterior handle for a clean aesthetic
- LoE<sup>3</sup>-366 glass offers superior energy efficiency

# Colors

Solid vinyl extrusions offer even color distribution inside and out for doors that are timeless, durable, and attractive.

White

Adobe

**SuperCapSR™** is a co-extruded exterior colorant system that becomes an integral part of the profile. Unlike painted vinyl, the tough acrylic color layer is scratch-resistant and extremely durable.

Bronze

Silver\*

Painted white, adobe, or bronze frame systems offer options without compromising performance.
