If you can dream it...

Imagine the home of your dreams. You've thought about it many times – warm rooms full of light and life. Maybe there's a master bedroom just waiting for the window to capture the perfect sunset view. Or a cheery kitchen that needs a bay window to let the sunshine stream into the breakfast nook on a relaxed Sunday morning.

We can build it...

This is your chance to make your dreams real.

For appearance and performance, Ultra offers an upscale look that will complement any home. Its baked-on paint finish won't peel or crack, unlike a painted wood finish.

Big or small homes, new or remodeled, classic or contemporary, Milgard Ultra™ Series fiberglass windows and doors add impact and value to your home.

Review from milgard.com—

Great windows with exceptional customer service. Installed 34 windows both sliders and single hung. Looks like I move to a new house. The low E glass is extremely efficient at blocking out the southern California heat and when these windows are closed they do a great job eliminating outside sounds.

—Riverside CA

why Milgard

Milgard is one of the largest and most trusted names in windows and doors. For more than 50 years, we've demonstrated our commitment to innovation, quality and service.

While our coverage is extensive, our service is local. Milgard has multiple locations throughout the Western U.S. Our belief is that by being close to our customers, we can provide you better service. This means faster lead and delivery time, as well as faster response to any warranty situations. We're there for you long after the job has been completed. Milgard also has a comprehensive network of qualified dealers and offers some of the best training in the industry.

Milgard controls the entire production, delivery and service process, keeping quality a priority and lead times to a minimum. As we continue to grow, our focus remains on building one exceptional window and door at a time.

Milgard has engineered a window and door system that stands up to weather, insects, and ultraviolet rays, plus maintains their beauty through every season.

Full Lifetime Warranty

At Milgard, we build our windows and doors to last. With the dedication to quality that we put into building the best windows in the business, it wouldn't make sense to back them with anything but the best warranty in the business. That's why we back every properly installed window and door for as long as you own your home—including parts and labor. Ultra™ Series windows and doors also come standard with Glass Breakage Coverage. It's why you can be sure you won't find any windows better than Milgard. For complete warranty details, visit milgard.com.

Review from milgard.com—

We installed new windows and a patio door from Milgard in our new home. They are well constructed and look very nice. Most important they are excellent energy savers. That is so important as we live in the Arizona desert. Wonderful windows, wonderful company. Thank you Milgard.

—Tucson AZ

Operating Styles

Define Your Home with Windows

Carefully chosen windows can make any home spectacular and make a statement about your style.

Since every Milgard window is custom built to your order, you have the freedom to think outside the box. Mix and match window styles and configurations to achieve just the result you're looking for.

Single Hung

Picture Windows

Like the art on the walls, picture windows are the frame for your view. With Milgard Ultra Series picture windows, you can frame your view in just about any shape or size.

Bay & Bow Windows

Bay windows are 3-segment units that expand your space to the outdoors. Bow windows are multi-segmented units that create dramatic circular spaces. Add function to both by choosing your choice of operating styles for the segments.

Horizontal Slider

Swing & Sliding Doors

The strength of fiberglass protects your investment from the harsher side of Mother Nature. Because of its inherent properties, fiberglass won't swell like wood and it expands and contracts at the same minimal rate as glass. Fiberglass won't crack, peel, warp, split, pit, or corrode and is virtually impervious to water.

Our fiberglass doors are available with your choice of baked-on standard colors for a finish that protects against UV rays.

Ultra Series patio doors come in sliding, in-swing or out-swing styles and built to your specifications with panels, transoms, or sidelites. Choose from a variety of hardware and virtually endless grid options.

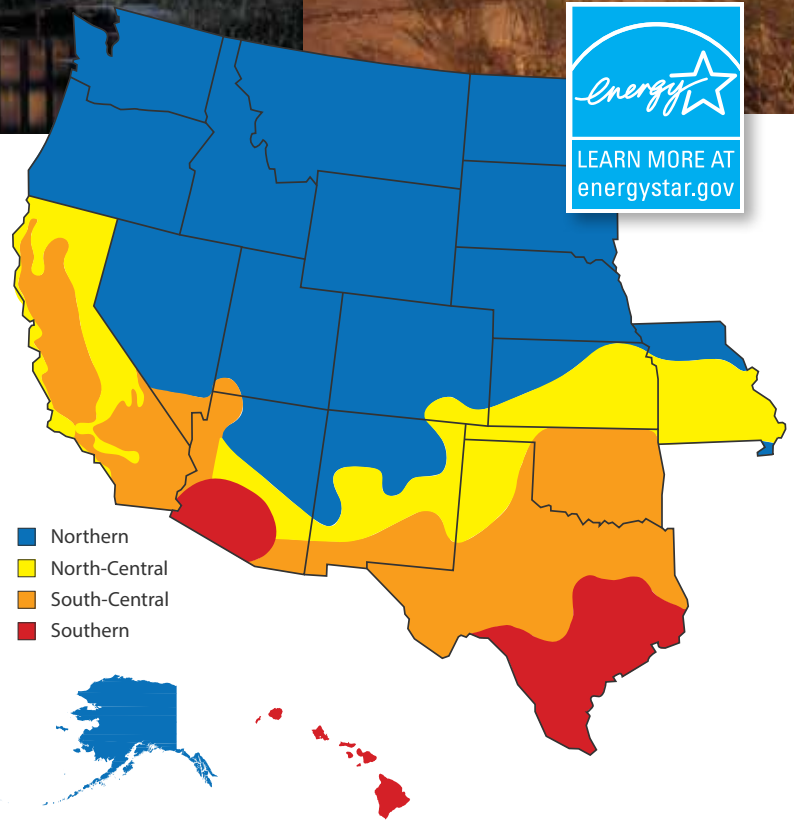

Windows and Doors for the Energy-Conscious Homeowner

At Milgard, we help homeowners make an impact on their energy consumption through our energy-efficient windows and patio doors. Leaky and inefficient windows, skylights and doors account for poor insulation and higher energy usage in households. Energy loss can happen in two ways and a lot depends on where you live:

- Cold climates lose energy in the form of heat
- Hot climates lose energy in the form of cooling

Tested and Built for Your Climate

All Milgard windows and patio doors are designed to meet tough thermal and solar requirements of state and local jurisdictions.

We conduct thermal simulations to improve energy performance in our windows and patio doors so our consumers can enjoy a more comfortable home. We make it easy to meet local energy codes and green building efficiency standards with a selection of performance enhancing features. In fact, Milgard has options available to tailor the components of windows and doors to specific climates—perfectly matching the product to your region’s energy needs.

Milgard adheres to ENERGY STAR® v6 requirements to meet or exceed U-Factor and Solar Heat Gain Coefficient (SHGC) criteria for the zones shown.

Milgard also offers high energy performance options for the ultimate in energy efficiency.

Zone	U-Factor	SHGC	Your energy efficient windows could include one or more of the following features based on your climate.
ENERGY STAR v6 Northern	0.27	-	SunCoat® or SunCoatMAX®
ENERGY STAR v6 North-Central	0.3	0.4	EdgeGardMAX®
ENERGY STAR v6 South-Central	0.3	0.25	Argon or Krypton
ENERGY STAR v6 Southern	0.4	0.25	4th Surface
R5	0.20		Triple Glaze

Make it you

Glass

As one of the most important components of your window or door, glass can also offer you decorative options and energy efficiency advantages.

Decorative & Tinted Glass

Add privacy or a touch of flare with our many styles of decorative glass. Tinted glass provides additional shading from direct sunlight and warm conditions.

Crystal Groove

Craftsmanship and artistry are combined for distinctive elegance with Milgard Crystal Groove, adding an extra spectrum of light and design that will bring any room to life.

Review from milgard.com—

We replaced 31 windows of various types with Milgard Ultra products and have superb noise and harmful ray reduction. They open and shut with the precision of a bank vault and are clearly built to last a very long time.
